CAREER OBJECTIVE

An aspiring Software Engineer and motivated individual with a foundation in programming fundamentals, data structures, algorithms, JavaScript, HTML, CSS, and SQL. Seeking an opportunity to apply my technical and problem-solving skills in full-stack development, gain hands-on experience by building real-world software solutions, and continuously learn and grow while contributing to innovative products.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
- **Web Technologies:** HTML, CSS
- **Databases:** SQL, MongoDB
- **Tools & Technologies:** Git, GitHub, PyCharm, VS Code, Power Bi

PROJECT

Privacy-Preserving AI-Powered Document Summarization & Key Information Extraction

- Developed an AI/NLP-based system to summarize large documents and extract key information such as names, dates, locations, and keywords using Natural Language Processing and Named Entity Recognition.
- Implemented sensitive-data masking before document processing to preserve privacy, with performance evaluated using ROUGE scores, Precision, Recall, F1-Score, and NER accuracy.

Electric Lineman Safety with Password-Based Circuit Breaker & GSM (IoT)

- Developed an IoT-based safety system using a password-protected circuit breaker to prevent unauthorized power restoration and improve lineman safety.
- Integrated GSM-based alerts and remote monitoring features to provide real-time status updates and enhance maintenance efficiency.

EDUCATION

- | | | |
|----------------------------------|--|------------------------|
| • M.Sc - Data Science | KPR College of Arts Science and Research | 89.7% 2025 - Present |
| • B.Sc - Computer Science | KPR College of Arts Science and Research | 84.7% 2022 - 2025 |

INTERNSHIP

Data Science Intern – Thiranex | May 2026 – June 2026

- Successfully completed a **Data Science internship**, gaining practical exposure to data analysis and data-driven problem-solving.
- Applied data science concepts to practical tasks and strengthened technical skills through hands-on learning.

CERTIFICATION & ACHIEVEMENTS

- Certified in Data Analytics using Excel, DecodedT Technologies
- Certified in Web Development by Prime Solutions

SOFT SKILLS

- | | |
|-------------------|--------------|
| • Industrious | • Adaptable |
| • People-oriented | • Determined |
